## **Resolution**

Delegates and participants at the 2023 Conference of the Universities Studying Slavery strongly urge the Canadian government to immediately establish a Commission to begin the process to constitute a National Reparations Commission (Canada) and to work closely with CARICOM (The Caribbean Community) in fulfilling not only this necessity but in building a framework for reparatory justice. And further, the Global Afrikan Congress will be the convenor to establish this process.

Proposed by Sylvia D. Hamilton, Filmmaker, Writer, Inglis Professor Emeritus, University of King's College, Halifax  
and representatives of the Global Afrikan Congress

Resolution passed unanimously on Saturday October 21, 2023 at the closing session at the Black Cultural Centre of Nova Scotia, Cherry Brook, Nova Scotia.
